Attention!!!

We will encourage pre-registering for riders. We will require all riders and staff to wear masks when in any public area, and to maintain as much distancing as possible at all times. Please use the provided hand sanitizer before filling out a waiver, before and after the restroom, and anytime you feel the need to do so. At registration, we will require spacing while waiting in line, and ask that you have a check filled out, or exact cash to limit interaction. We also ask that each racer show up to the line with a mask while waiting to start, and the Chief Referee will inform the group when to remove it before the start of the race. Most everybody is familiar with the Covid precautions and we ask that you use your best judgement when participating in the event.
