NEW "COLOR RUSH" START PROCEDURE

The new "color rush" start is designed to amplify the start-line adrenaline, align racers of the same ability and speed, and reduce lapping.

- 1) You will receive a newly designed and very bright color number based on your category. This will identify who's in your specific category.
- 2) We will call up all athletes in your wave into the start grid based on USA Cycling Rankings. Then one whistle blast will send off the entire wave!
- 3) Results and awards will still be based on your unique category. For fun we will also produce a results list based off the entire wave.
